## SHAPE RESPEKT\* FESTIVAL 2026 WITH US

Youth organisations. Local Initiatives. Movement. Culture. International Exchange.

From 13th to 15th November 2026, young people from youth organisations and grassroots initiatives, artists, and international guests will come together at the **Gängeviertel in Hamburg**. Together, we will create a weekend full of encounters, political education, creativity, and exchange, featuring workshops, discussions, art, music, conversations, and shared experiences.

### THE QUESTIONS WE RAISE UNDER THE WORKING TITLE 'RIGHT TO ACT':

- How can young people shape the societies they live in?
- Where do we find spaces for participation and collective action?
- How can we defend democracy and human dignity?
- What connects committed young people across borders?

### HOW CAN YOU GET INVOLVED?

Depending on your interests, you can:

- Host a workshop
- Organise a discussion, action, or exhibition
- Showcase your initiative and the issues you care about
- Create interactive activities and participatory formats
- Contribute artistic or cultural projects
- Spark new collaborations and partnerships
- Connect and network with other engaged young people
